

Partner with an APS Trade Ally

Start your energy-saving journey with our trusted network of Trade Allies. These qualified contractors know how to utilize APS Solutions for Business and Multifamily Energy Efficiency program rebates to ensure you receive maximum savings. Whether you're upgrading lighting, changing HVAC systems or exploring other energy-efficient solutions, our Trade Allies have the expertise to help you on your next project.

Trade Allies have helped customers:

- Submit more than 11,000 applications.
- Receive over \$90 million in rebates.
- Save over 15 billion kWh of estimated annual energy savings.
- Eliminate an estimated 8 million pounds of carbon from reduced generation.

Trade Allies are here to help

Trade Allies enhance the cost-effectiveness of your energy-saving projects by leveraging their expertise in maximizing APS opportunities. With a widespread network across Arizona, you can connect with Trade Allies specializing in specific equipment or industries, tailoring their support to meet your specific needs.
