

# 2021 Spring rewards points bonus

For a limited time, your incentive projects are now worth two times or more bonus points. As the rewards points program now enters its second year, we want to make this program even more valuable going forward. From now until the end of April, we are encouraging designated trade allies to identify projects and apply for incentives on your customer’s behalf. This bonus will be paid in the form of rewards points and will be tiered based on the total value of all paid projects submitted in the given timeframe.

This offer will be available from March 1, 2021 until April 30, 2021. Final applications must be submitted by April 30. Please log in to the rewards website using this link: <https://www.awardlink.com/awards/my.rewards/login-int>

## Bonus Structure Based on Total Incentives

\$0 - \$49,999

Earns double rewards points

\$50,000+

Earns triple rewards points
